SOLUTIONS FOR THE ENTIRE FILTRATION PROCESS WITH OUR KAY.CUBE, WE MAKE IT EASY FOR YOU

KAYSER® FILTERTECH has been a pioneer in developing technical, effective and highly-efficient filtration solutions. Whether for the filtration of gases or liquids - KAYSER® FILTERTECH offers customized solutions that meet individual needs and specific requirements.

With the KAY.CUBE, we make our comprehensive range of services and products easy for you.

At KAYSER® FILTERTECH you will find the complete range of products for industrial filtration: filter elements, support cages, filter media as rolled goods, accessories, measurement & control systems as well as comprehensive service that sets standards in the industry.

The advantage of a system provider: KAYSER® FILTERTECH products and services are continuously tested, further developed and certified. Our experts and technicians are highly qualified and therefore you can be sure that all components fit together. This pays off: You save time, effort and costs in the filtration process itself as well as in planning, installation and maintenance. As a result, you are acting sustainable and saving resources.

With KAYSER® FILTERTECH, you have one contact for your entire filtration process that meets all requirements and demands.
